

Dear SLE conference participants,

Welcome to the 48<sup>th</sup> edition of the Annual Meeting of the Societas Linguistica Europaea. This year, we welcome you to the city of Leiden, the host of the oldest university in the Netherlands (1575). As you find your way around town, you will find that the university premises are scattered throughout the city, and that the large numbers of students who live and study in Leiden give the city a relaxed yet vibrant atmosphere. We hope you enjoy your time in Leiden and we hope you enjoy the SLE conference just as much.

In this booklet you will find the official program of the conference and some practical information that may be helpful during your stay in Leiden.

### **Access to the internet**

During the conference it will be possible to access the internet with your laptop, tablet or smart phone. If you have access to eduroam, you can use that. If not, you can log on to the wireless network of the University by using an activation code. As a network you should select 'Leiden University'. When you open the browser, you will be directed to a log on page of LUWA or the Quarantaine network. On this page you can choose the option: 'I am a guest with an activation code' to log on. You will find your personal activation code, which is valid during the whole conference, in the envelop you received upon registration. In case you have two devices, please drop by at the registration desk to get an additional code.
